Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Wednesday 07 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloud and drizzle in north and east, brighter in west.

Today:
Low cloud with patchy rain or drizzle across the north and Speyside, this easing through the afternoon. Dry elsewhere with sunny spells along the west coast. Maximum temperature 20 deg C (68 deg F).

Tonight:
Some evening sunshine along the west coast to the south of Skye, but generally a cloudy evening and night. Cloud lowers in the west overnight giving some light rain. Minimum temperature 12 deg C (54 deg F).

Thursday:
A mostly cloudy day with light winds. The best of any bright or sunny spells near the west coast. Some patchy morning drizzle, and a chance of afternoon showers. Maximum temperature 19 deg C (66 deg F).

Outlook for Friday to Sunday:
Low cloud and patchy rain in the northwest on Friday. Showers breaking out by day further south, these heavier and more widespread over the weekend.
